

# May Edition

Northwestern Monthly

# Editor's Page

I would like to thank the talented students here at the Northwestern Monthly. I am also incredibly thankful for Mrs. Biesiadecki for the hard work and extra hours she has put in to sponsor this newspaper. Finally, I would like to thank the teachers and administrators for allowing us to learn and grow here at Northwestern. Many thanks to the families who support the making of the Northwestern Monthly. Now, I would like to share some last words with you.

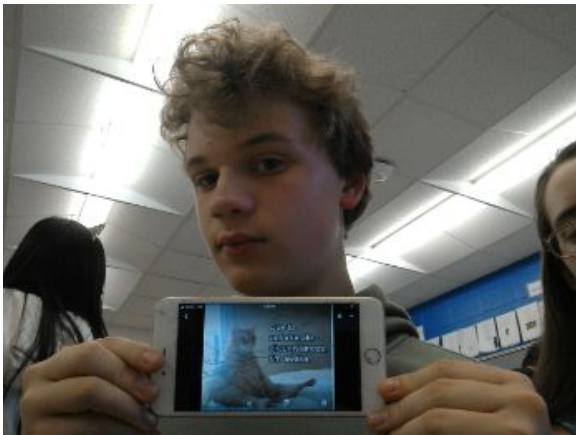

Summer is fun, but it is also a time of renewal. When you exit the doors of the school this year, you have erased yourself. You are a canvas that is waiting to be painted. You are the painter and the canvas. You hold the brush that says who you are. This summer is a time to change who you are, it is your choice if it is for better or for worse. Hopefully the former and not the latter. When you step through the doors on August 12, I want you to be the best person you can be.

Emma M- "That's a nice name you have there"

Emma K- "Thanks"

Bella-"I'm stressed"

Ian- "Always buckle your seatbelt"

"People say nothing is impossible, but I do nothing every day."-Kirthana

Ridge- "An apple a day keeps anyone away if you throw it hard enough"

Maeva- "My bed is a magical place where I suddenly remember all the things I need to do"

Haley- "Any pizza can be a personal pizza if you try hard enough"

Ava- "She's not at the meeting so just write whatever"

## NICE PLACES TO GO IN GEORGIA OVER SUMMER BREAK!

### Georgia Aquarium:

The Georgia Aquarium, located in Atlanta, is the home of thousands of aquatic animals and 500 different species. It is the world's largest aquarium and definitely a good place to visit sometime over summer.

### Six Flags Over GA:

Six Flags features dozens of fun family-friendly rides and attractions that make for a perfect for a short summer trip.

### World of Coca Cola:

In this famous Atlanta museum, one can visit many exhibits and sample over 100 beverages! World of Coca Cola definitely makes for a cool location to go.

## Ms. Moore Interview

Q: What is the next musical?

A: The next musical we are doing next year is Shrek jr. the Musical.

Q: What is the drama club?

A: The drama club is a group of students that love to do theatre stuff , technical or acting, we get together every Tuesday, we have workshops, we have improv days, it's overall an outlet for theatre kids.

Q: Where can you get the info for the next musical ?

A: If you're planning to try out, come talk to me, or check under the drama section on NMS Performs website. You can also see the poster on the wall this summer under the drama department.

Q: Anything else you want to tell the next people that are trying out for the musical?

A: We have a lot of ideas, and it will be loads of fun. If you are unsure, just come out, we use everybody.

## Origins of Summer Break

Summer break is a time that nearly every kid looks forward to; a break from school, hot weather, and having a lot of free time to spend with friends. But most of us never consider how summer break actually came to be. It all started back in the 19th century, when cities were becoming more urbanized and populated. More and more buildings were being built, particularly using concrete. This caused something called the urban heat effect. The urban heat effect is caused by concrete and causes cities to become extremely hot and stuffy. School was not mandatory so kids would just skip out on classes. The schools decided that because of the poor attendance, they would just give the children the entire summer off. We still have summer break up until now.

## Top 5

### Things To Try This Summer

- 1: Experiment with some new things (try out some food science on the next page)
- 2: Keep a dream journal (you might find out some interesting stuff)
- 3: Donate some clothes that you don't need anymore (there is always someone in need)
- 4: Volunteer some of your time (Meals by Grace is an excellent charity to try out)
- 5: Write a list of what you want to accomplish next year (you can even get a head start over the summer!)

# Some Fun Food Science + Recipes To Try

## FOOD SCIENCE

- 1: Can you mix oil and water?
- 2: Cornstarch + water = oobleck
- 3: Vinegar + baking soda = BOOM!
- 4: Put a few drops of food coloring on a dish of milk then put a drop of dish soap on your finger and tap the center
- 5: Mix a bag of powdered sugar and a few spoons of water at a time to get edible 'glue' that you can use to stick things to cookies
- 6: Coke + Mentos = BOOM!
- 7: Put an old penny into some ketchup for 1 day, this will clean the penny
- 8: Put an egg in a cup of vinegar and leave it for a day (this will make the egg squishy)
- 9: Leave a gummy bear in a cup of water for 2 days
- 10: Shake heavy cream in a jar
